

Guide to sign-up to online training

1. Click on the type of training you require – Health & Safety, Health & Social Care, or Business skills.

Health & Safety

Health & Social Care

Business Skills

2. Then click on the specific training that you require e.g. First Aid Training, then click on **Buy Now**.

First Aid Training

What is Emergency First Aid? Well it's exactly that, the first aid to be offered if an incident occurs. Not many of us are confronted with scenes of blood and gore in our everyday lives – so usually first aid could be as simple as sticking a plaster on a small cut. But what if you did find yourself confronted with a more serious situation? This Emergency aid course will highlight some of the most common situations that you might come across and the actions that you can take to help.

In the most serious situations a first aider's role will be to assess the scene so that accurate information can be passed to Emergency services and then to act appropriately to try and increase the patients odds of survival.
